

Activate module

ConvertixCheckout for Hyvä Theme

This module is compatible only with **Hyvä Theme**. Luma-based storefronts are not supported.

Activate module

Go to :

Admin -> Stores -> Configuration -> TMGCODE -> Convertix Checkout -> General

Set:

Enable Custom Checkout to YES

General

Enable Custom Checkout [store view] Yes

When disabled, the Hyvä fallback message will be shown instead.

Checkout Layout [store view] 3 Columns (onpage)

2 Columns: shipping steps left + order summary right. 3 Columns (onpage): address | shipping+payment | summary.

Revision #4
