

Installation Guide

ConvertixCheckout for Hyvä Theme

This module is compatible only with **Hyvä Theme**. Luma-based storefronts are not supported.

Maintenance Mode (Optional)

```
php bin/magento maintenance:enable
```

Installation Methods

Method 1 - Composer Installation (Recommended)

```
composer require tmgcode/module-convertixcheckout  
php bin/magento module:enable TmgCode_ConvertixCheckout  
php bin/magento setup:upgrade  
php bin/magento setup:di:compile  
php bin/magento setup:static-content:deploy -f  
php bin/magento cache:flush  
php bin/magento maintenance:disable
```

Method 2 - Manual Installation

Extract the module archive into:

```
app/code/TmgCode/ConvertixCheckout
```

Then run:

```
php bin/magento module:enable TmgCode_ConvertixCheckout  
php bin/magento setup:upgrade
```

```
php bin/magento setup:di:compile
php bin/magento setup:static-content:deploy -f
php bin/magento cache:flush
php bin/magento maintenance:disable
```
